Fergana tables

Patricia Urquiola 2009

Description

Low tables in two sizes and heights have round lasercut tops or square tops. Tops are Corian®, available in nocturne black, glacier ice white, clay sand or claret blueberry. Frame/legs are solid ash with natural oil finish, grey graphite varnish or red lacquer finish. Central Asia is at the crossroads between East and West, where trade routes meet and cultures mingle together. Fergana is inspired by this unique area and its peoples. The seating system is designed to be a center for social interaction, and the low tables which complement the seating extend the metaphor with familiar motifs. The round tables' laser cut tops repeat a floral design while the square tables' tops are trays with gently sloped edges.
