

## GRAF SOSPENSIONE

DESIGN DIESEL /2009

The suspension lamp Graf, with a fun 'wet paint' effect, can be placed in any space to characterise it with its strong personality and visual message, which is at the same time universal and suitable for different style environments. Made of fabric and chrome-plated metal, it's available in suspension, floor and table versions. The light has a warm, discrete, almost intimate appeal and creates a soft effect. Pull switch.
