

Verdi Alpi (MV)

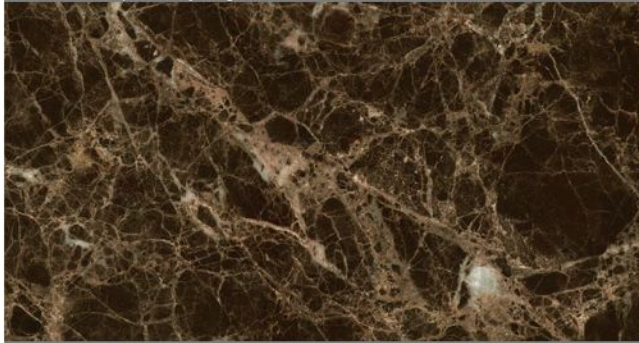

Description:
Green with black & white veins. Hues vary in tone & intensity.

Verdi Alpi is a coated marble, featuring a transparent polyester coating that creates a non-porous surface to prevent use-associated stains. Coating may yellow over time.

Note:
Marble is a natural material. Hues, veins, crystals, fossils and distinctive marks will vary from piece to piece. Please use this sample card only as a guide.

Care & Maintenance:

Wash surface with lukewarm water. Clean more thoroughly with a non-abrasive solution. Rinse with warm water & dry with a soft cloth. Marble should not be used outdoors.

Emperador Dark (GE)

Description:
Dark brown with light brown & white veining.

Emperador Dark (GE) is a coated marble, featuring a transparent polyester coating that creates a non-porous surface to prevent use-associated stains. Coating may yellow over time.

Note:
Marble is a natural material. Hues, veins, crystals, fossils and distinctive marks will vary from piece to piece. Please use this sample card only as a guide.

Care & Maintenance:

Wash surface with lukewarm water. Clean more thoroughly with a non-abrasive solution. Rinse with warm water & dry with a soft cloth. Marble should not be used outdoors.

Nero Marquina (MN)

Description:
Rich black with random veins that can vary from white to gold.

Nero Marquina is a coated marble, featuring a transparent polyester coating that creates a non-porous surface to prevent use-associated stains. Coating may yellow over time.

Note:
Marble is a natural material. Hues, veins, crystals, fossils and distinctive marks will vary from piece to piece. Please use this sample card only as a guide.

Care & Maintenance:

Wash surface with lukewarm water. Clean more thoroughly with a non-abrasive solution. Rinse with warm water & dry with a soft cloth. Marble should not be used outdoors.

Arabescato (MA)

Description:
Ivory white background with dark grey veining.

Arabescato is a coated marble, featuring a transparent polyester coating that creates a non-porous surface to prevent use-associated stains. Coating may yellow over time.

Note:
Marble is a natural material. Hues, veins, crystals, fossils and distinctive marks will vary from piece to piece. Please use this sample card only as a guide.

Care & Maintenance:

Wash surface with lukewarm water. Clean more thoroughly with a non-abrasive solution. Rinse with warm water & dry with a soft cloth. Marble should not be used outdoors.

Calacatta White (MC)

Description:
Ivory white background. Features strong gold random veins with additional veins varying from cream to green & grey.

Calacatta White is a coated marble, featuring a transparent polyester coating that creates a non-porous surface to prevent use-associated stains. Coating may yellow over time.

Note:
Marble is a natural material. Hues, veins, crystals, fossils and distinctive marks will vary from piece to piece. Please use this sample card only as a guide.

Care & Maintenance:

Wash surface with lukewarm water. Clean more thoroughly with a non-abrasive solution. Rinse with warm water & dry with a soft cloth. Marble should not be used outdoors.

Carrara (GC)

Description:
White background with grey veining.

Carrara (GC) is a coated marble, featuring a transparent polyester coating that creates a non-porous surface to prevent use-associated stains. Coating may yellow over time.

Note:
Marble is a natural material. Hues, veins, crystals, fossils and distinctive marks will vary from piece to piece. Please use this sample card only as a guide.

Care & Maintenance:

Wash surface with lukewarm water. Clean more thoroughly with a non-abrasive solution. Rinse with warm water & dry with a soft cloth. Marble should not be used outdoors.

White Extra (MW)

Description:
Pure white. Faint cloud traces in pale grey.

White extra is a coated marble, featuring a transparent polyester coating that creates a non-porous surface to prevent use-associated stains. Coating may yellow over time.

Note:
Marble is a natural material. Hues, veins, crystals, fossils and distinctive marks will vary from piece to piece. Please use this sample card only as a guide.

Care & Maintenance:

Wash surface with lukewarm water. Clean more thoroughly with a non-abrasive solution. Rinse with warm water & dry with a soft cloth. Marble should not be used outdoors.

Empire Beige (GB)

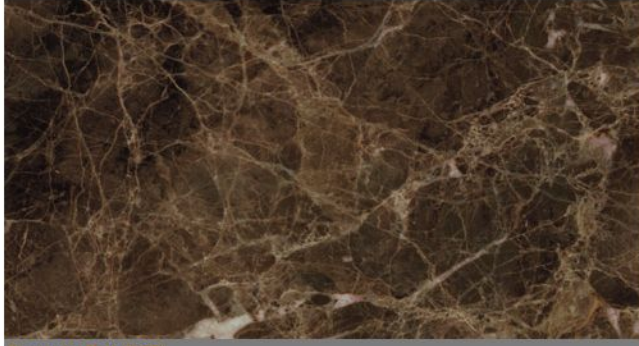

Description:
Yellow-cream with yellow & rose colored veining.

Empire Beige is a coated marble, featuring a transparent polyester coating that creates a non-porous surface to prevent use-associated stains. Coating may yellow over time.

Note:
Marble is a natural material. Hues, veins, crystals, fossils and distinctive marks will vary from piece to piece. Please use this sample card only as a guide.

Care & Maintenance:

Wash surface with lukewarm water. Clean more thoroughly with a non-abrasive solution. Rinse with warm water & dry with a soft cloth. Marble should not be used outdoors.

Emperador Dark (NGE)

Description:
Dark brown background with light brown veining.

Emperador Dark (NGE) is a natural marble, featuring a penetrating sealer to protect the stone from aging & staining. The sealer must be renewed periodically.

Note:
Marble is a natural material. Hues, veins, crystals, fossils and distinctive marks will vary from piece to piece. Please use this sample card only as a guide.

Care & Maintenance:
The mineral surface of natural marble is very porous & easily absorbs moisture & fluids causing corrosion, staining & discoloration. Apply sealer according to mfg. instructions.

Wipe off stains & liquid spills immediately with water & a soft cloth. Never use steel wool or other abrasives on marble. Marbles should not be used outdoors.

Carrara (NGC)

Description:
White background with grey veining.

Carrara (NGC) is a natural marble, featuring a penetrating sealer to protect the stone from aging & staining. The sealer must be renewed periodically.

Note:
Marble is a natural material. Hues, veins, crystals, fossils and distinctive marks will vary from piece to piece. Please use this sample card only as a guide.

Care & Maintenance:
The mineral surface of natural marble is very porous & easily absorbs moisture & fluids causing corrosion, staining & discoloration. Apply sealer according to mfg. instructions.

Wipe off stains & liquid spills immediately with water & a soft cloth. Never use steel wool or other abrasives on marble. Marbles should not be used outdoors.

Calacatta Gold (NC)

Description:
White background with strong beige veining.

Calacatta Gold is a natural marble, featuring a penetrating sealer to protect the stone from aging and staining. The sealer must be renewed periodically.

Note:
Marble is a natural material. Hues, veins, crystals, fossils and distinctive marks will vary from piece to piece. Please use this sample card only as a guide.

Care & Maintenance:
The mineral surface of natural marble is very porous and easily absorbs moisture & fluids causing corrosion, staining & discoloring. Apply sealers according to mfg. instructions.

Wipe off stains and liquid spills immediately with water & a soft cloth. Never use steel wool or other abrasives on marble. Marbles should not be used outdoors.

Black Andes (GA)

Description:
Black with reflective mica crystallines.
Black Andes is a natural granite, featuring a penetrating sealer to protect the stone from aging & staining. The sealer must be renewed periodically. Granite has a non-porous density; therefore it does not require a protective polyester coating.

Note:
Granite is a natural material. Hues, veins, crystals, fossils and distinctive marks will vary from piece to piece. Please use this sample card only as a guide.

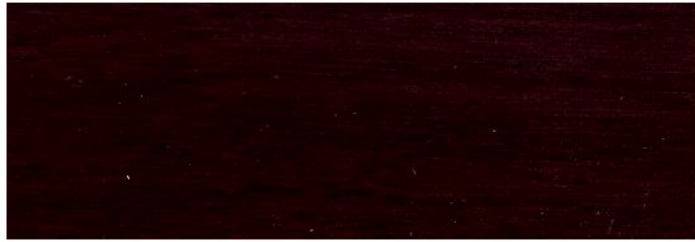

Care & Maintenance:
Clean with non-abrasive solutions on a regular basis. Apply a marble wax periodically to improve luster & protect finish. Routine maintenance will prevent the stone from darkening with use from oils & will help maintain color uniformity.
