About Face is a veneered cabinet made from select quarter and flat sliced veneers, finished with a clear lacquer to protect and enhance the natural wood colour and pattern.

Dowels, glue and a fixed center shelf are used to produce a rigid cabinet. The european hanging system provides four additional shelves that are strong and easy to adjust. The 5mm thick mirrored glass has flat polished edges and is carefully bonded to the cabinet.

The powdercoated steel base spins effortlessly under any weight and is maintenance free.
