

HermanMiller

Nelson™ Bubble Lotus Floor Lamp

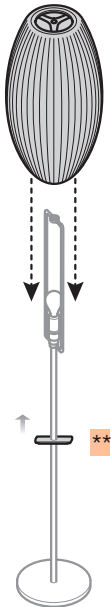

How to assemble your lamp

No Tools Required

Step 1

- 1.1 After installing a light bulb, lower the lamp shade over the support frame.
- 1.2 With your free hand, slide the centering cleat up the lamp shaft.

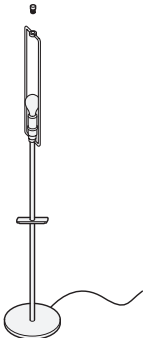

Parts Included

A. Lamp Shade

B. Shade Support and Base and Mounting Screw

PLEASE REMOVE LAMP FROM BAG BEFORE USE.

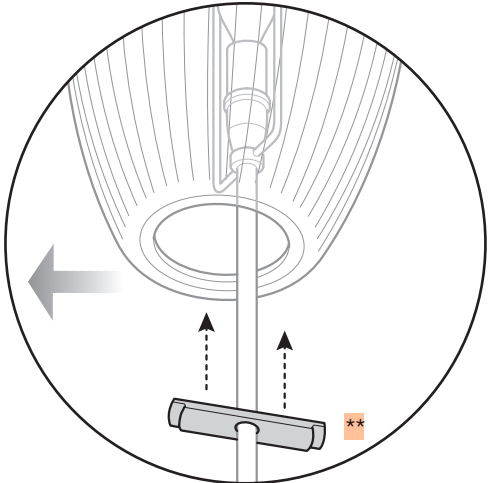

Important Safety Instructions

This lamp has a polarized plug, (one blade is wider than the other), as a feature to reduce the risk of electric shock. This plug will fit in a polarized plug outlet one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug.

Step 2

**** For Large and Medium Floor Lamps only:**

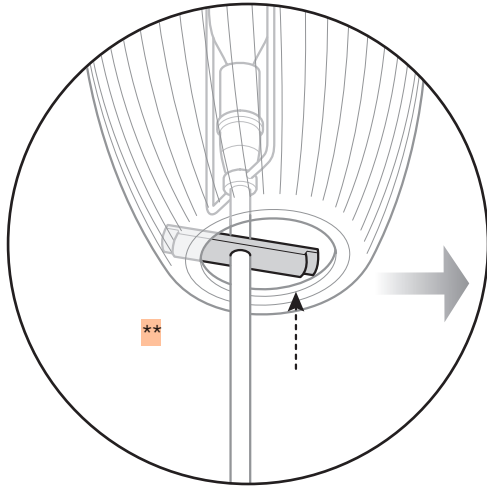

Pivot the shade to the left while you angle the centering cleat through the opening of the shade.

Step 3

**** For Large and Medium Floor Lamps only:**

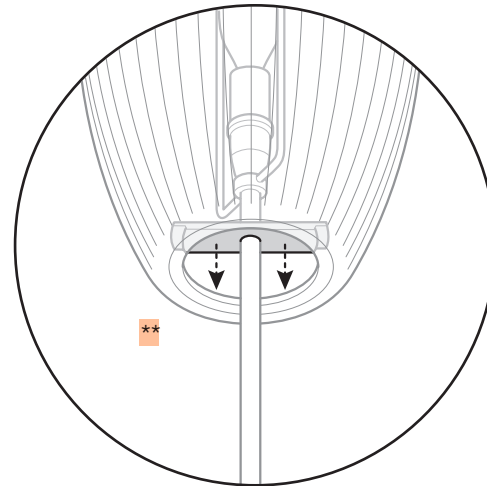

Pivot the shade to the right while you angle the other half of the centering cleat through the shade opening.

Step 4

**** For Large and Medium Floor Lamps only:**

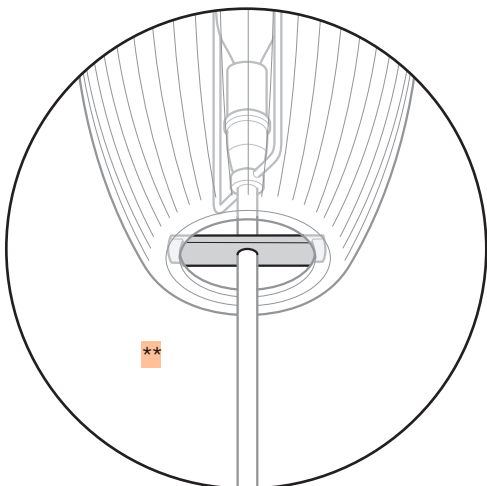

Once the cleat is fully inside the shade, slide it down the shaft.

Step 5

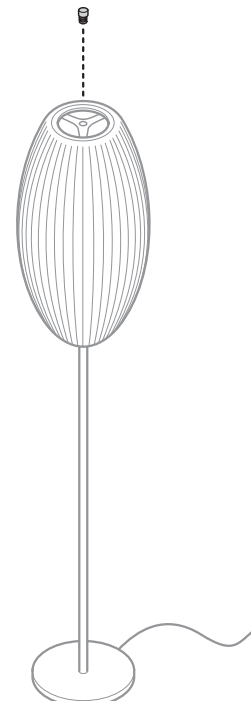

**** For Large and Medium Floor Lamps only:**

The cleat should be securely centered on the rim of the lamp shade, which prevents it from rocking.

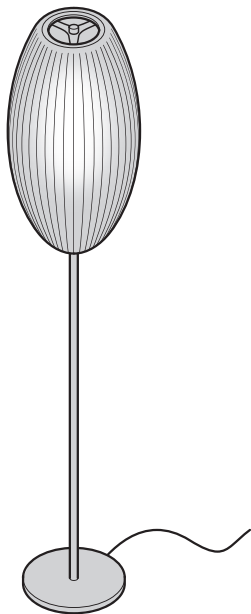

Step 6

Fasten the lamp shade screw to the threaded hole located at the top of the lamp shade support.

Step 7

Plug the power cord into an appropriate outlet and enjoy your Nelson Bubble Floor Lamp.
